Full Service Lawn Care and Landscaping Maintenance
Call today for a free proposal: (866) 531-4448

Before

Before

Greenpoint Landscaping services 9 Sterling Bank properties around the Puget Sound each week.

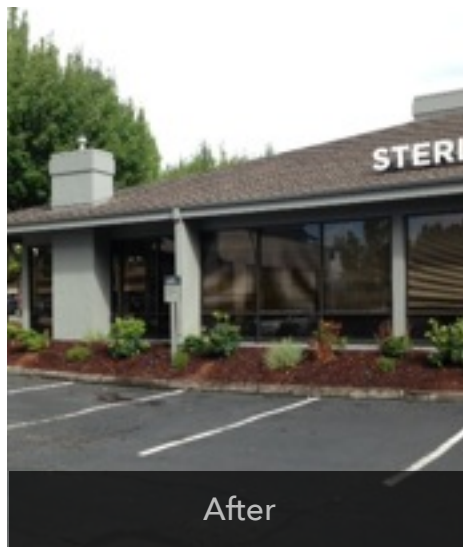

The Bellevue property was purchased after being vacant for over a year.

It had overgrown shrubs and trees, causing security and irrigation issues.

Client: Sterling Bank - Bellevue Commercial Landscape Maintenance

We worked to remove all the plants surrounding the building, removed the trees that were blocking signage, and repaired the irrigation issues.

We transformed this neglected property into a fully functional bank with beautiful landscaping to match our high-end city.
